**AMENDMENT AND RESPONSE**

Sir:

In response to the December 14, 2001 Office Action, please amend the above identified application as follows:

**In the Specification:**

Amend the specification at page 6, line 13 as follows:

To solve this geographical use limitation and other problems inherent in the power supply 10 shown with the non-portable electronic device 1, a retrofittable power supply 100 having a same form factor as the power supply 10 shown in Figure 2, is provided as shown in Figure 3. The retrofittable power supply 100 includes a power generation module 101, a cooling module 103, and a DC/AC generation module 105. Also shown is an AC power out connection 107. As illustrated in Figure 3, the retrofittable power supply 100 has dimensions a, b and c equal to the corresponding dimensions a, b and c shown for the power supply 10 in Figure 2. Other characteristics of the retrofittable power supply 10 may be made to coincide with those of the power supply 10.
